**Materials:** 36 Calling Cards, 20 Wolf Bingo Boards, chips or buttons for marking boards.

**Directions for Play:**

The caller reads the definition from the calling card. Players check their Wolf Bingo Boards to see if they have a word that matches the definition. If they do, they mark it with a chip or button. The first player to get three in a horizontal, vertical or diagonal row calls "Bingo". In order to win, the player must use each of the three words in a different sentence. The caller checks to make sure the words were called and that the sentences make sense. The winner becomes the next caller.
